5.7.20.6 OBJECTIVE:

A. The objective of 5.7.20 NMAC is to provide a level of financial support to qualified New Mexico students who are enrolled full-time at an eligible New Mexico public post-secondary educational institution or tribal college. This level of financial support is intended to help defray the cost of tuition at the public post-secondary educational institution or tribal college where the student is enrolled.

B. A further purpose of 5.7.20 NMAC is to encourage New Mexico high school students who pursue a post-secondary education in New Mexico to complete a first four-year degree within a maximum of eight semesters or two-year degree within a maximum of four semesters (the number of semesters is so determined as the initial award is not made until the second semester of college enrollment).

C. As it applies to students with disabilities who may require special accommodations, the department, in consultation with the student and the office at the public post-secondary educational institution that serves students with disabilities, shall review both the definition of “full-time” and the maximum number of consecutive semesters of eligibility and adjust either or both as deemed reasonable and appropriate, based on the student's disability needs. In no case shall “full-time” mean fewer than six credit hours per program semester and in no case shall eligibility extend beyond 14 consecutive program semesters at a four-year institution and seven consecutive program semesters at a two-year institution. If a New Mexico resident had to leave the state to receive an education pursuant to the federal Individuals with Disabilities Education Act the student shall be eligible for the scholarship if they graduated from an accredited high school in another state and otherwise met the qualifications for a tuition scholarship pursuant to the definition of a qualified student in Subsection N of 5.7.20.7 NMAC.

5.7.20.9 DURATION OF SCHOLARSHIP:

A. Upon qualification, the student's initial scholarship shall begin with the second semester of enrollment at a public post-secondary educational institution or tribal college. Thereafter, each scholarship is for a period of one semester subject to revocation for failure to maintain eligibility. The scholarship may be renewed on a semester basis until the award recipient has received three program semesters of awards at a community college or seven program semesters of awards at a research institution, comprehensive institution, or tribal college, or until the student graduates with a bachelor's degree from an eligible institution, whichever is sooner.

B. eligible for scholarship benefits for the semester in which they are enrolled part time and will need to maintain all other eligibility criteria in subsequent semesters. The part-time semester will not count against their total number of semesters in which the student may receive the scholarship.

H. If a student becomes ineligible for a different state scholarship that is designated for one hundred percent tuition, but satisfies the first semester eligibility requirements and thereafter is eligible for the legislative lottery scholarship, the student may begin receiving the legislative lottery scholarship for the remaining number of semesters of enrollment, not to exceed those prescribed in Subsections A and B of 5.7.20.9 NMAC.
