1. Welcome
2. Update since the January meeting
    a. A couple of institutions have volunteered to test out the new fields for entering course numbers in eDEAR to accommodate the new four-character number fields called for by the CCNS
    b. We still plan on setting up eDEAR training – any suggestions for topics to be covered?
    c. The National Student Clearinghouse contract is still being implemented, it should be available to the HED soon, we'll do a report for NNMC as a first test of the system and then start more detailed reporting and work on preparing a statewide transfer-out report – as well as refining the definition of "transfer" in the eDEAR manual
3. Annual Report Data Displays
    a. The production of the report was delayed when the request was made to keep a page per institution rather than some overall general tables.
    b. See hand out and display – it would help to get some feedback on possible data to include
