3. Discuss Part-time Faculty Survey – Discussed at last meeting but there was no definite method. Mark would like to use IPEDS data. Question as to part-time faculty and they are paid. Mark will put together a more focused set of questions. Potentially use IPEDS definitions and develop a survey. November 2023 deadline.

4. Discuss adding code for “first-generation student” to DEAR -Possibly use a Yes/No flag. There are concerns that not every student fills out a FASFA. This information may not be collected at all institutions the questions concerning first generation are different from institution to institution. FASFA and the definition in the Higher Education Act could provide consistency.

5. Review “Course-Level” codes in DEAR – Discussed that Dr. Damron is working with Complete College America. Working with 4 institutions to develop a co-curricular teaching model for math and English courses. Goal is to go statewide with this. To collect this information good definitions will be needed. Who should be approached for these definitions?
