

Higher Education Department

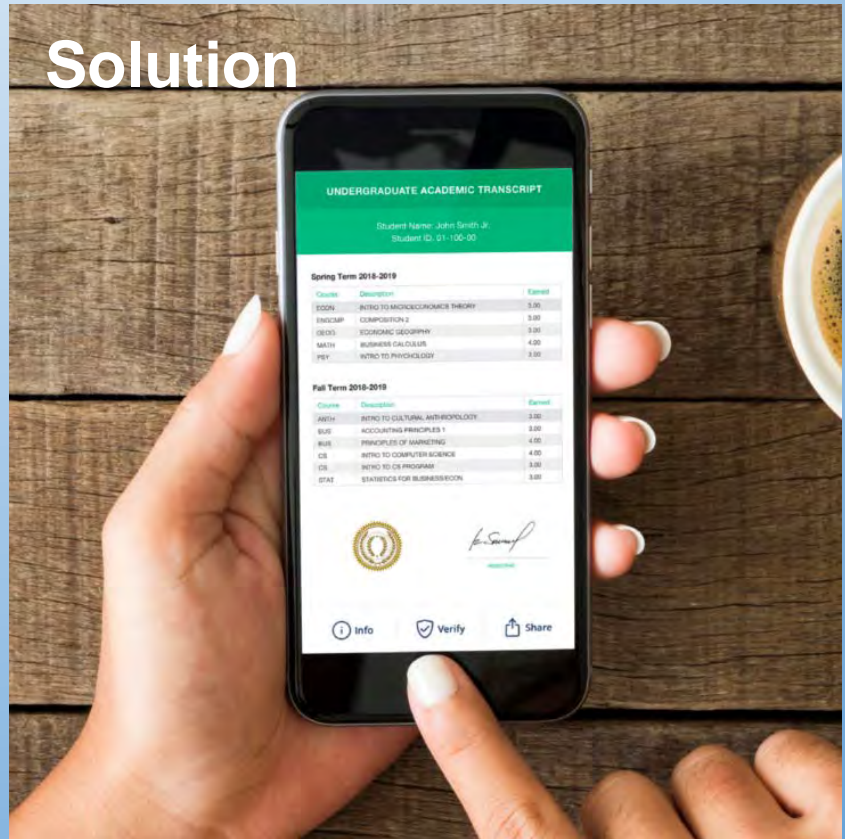

Blockchain Pilot

January 27, 2020

Problem

Solution

- **Issue official diplomas, transcripts, examinations, and badges in a digital format that students can share and have verified anywhere**
- **This service will contribute to a lifelong record of learning and achievement**
- **Initial participating institutions: NNMC and SFCC**

Diplomas

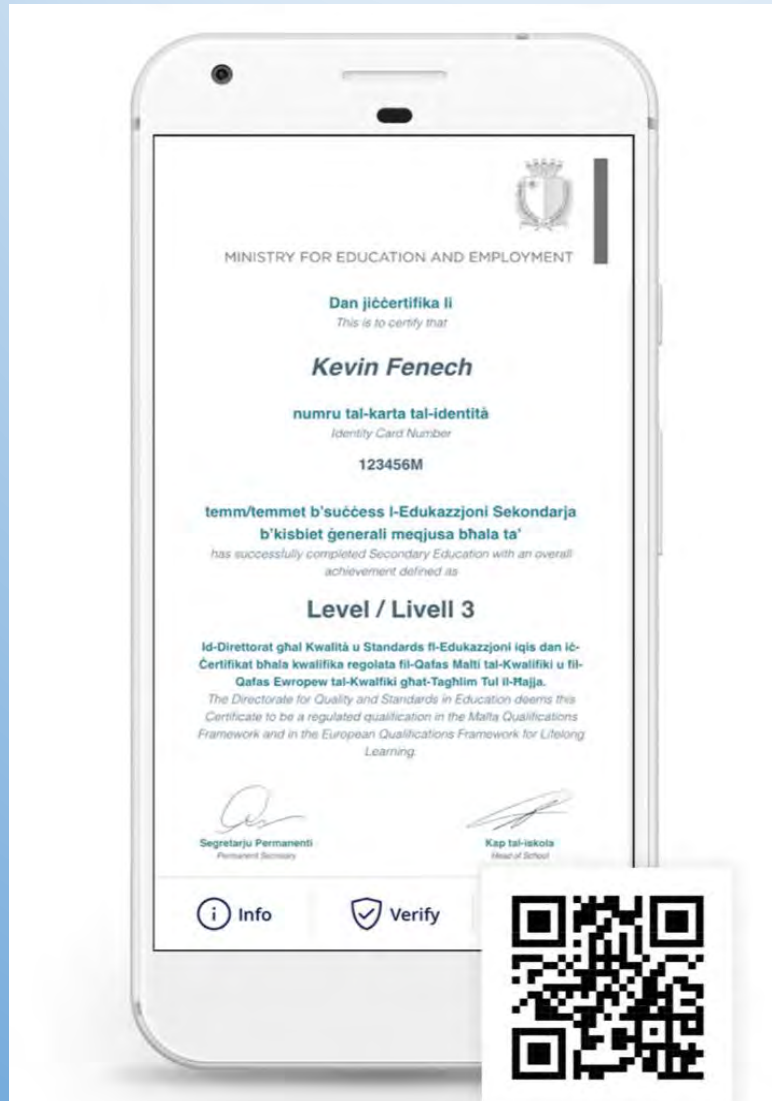

“From the beginning, one of our primary motivations has been to empower students to be the curators of their own credentials. This system makes it possible for them to have ownership of their records and be able to share them in a secure way, with whomever they choose.”

Mary Callahan

MIT Registrar

Professional Licenses

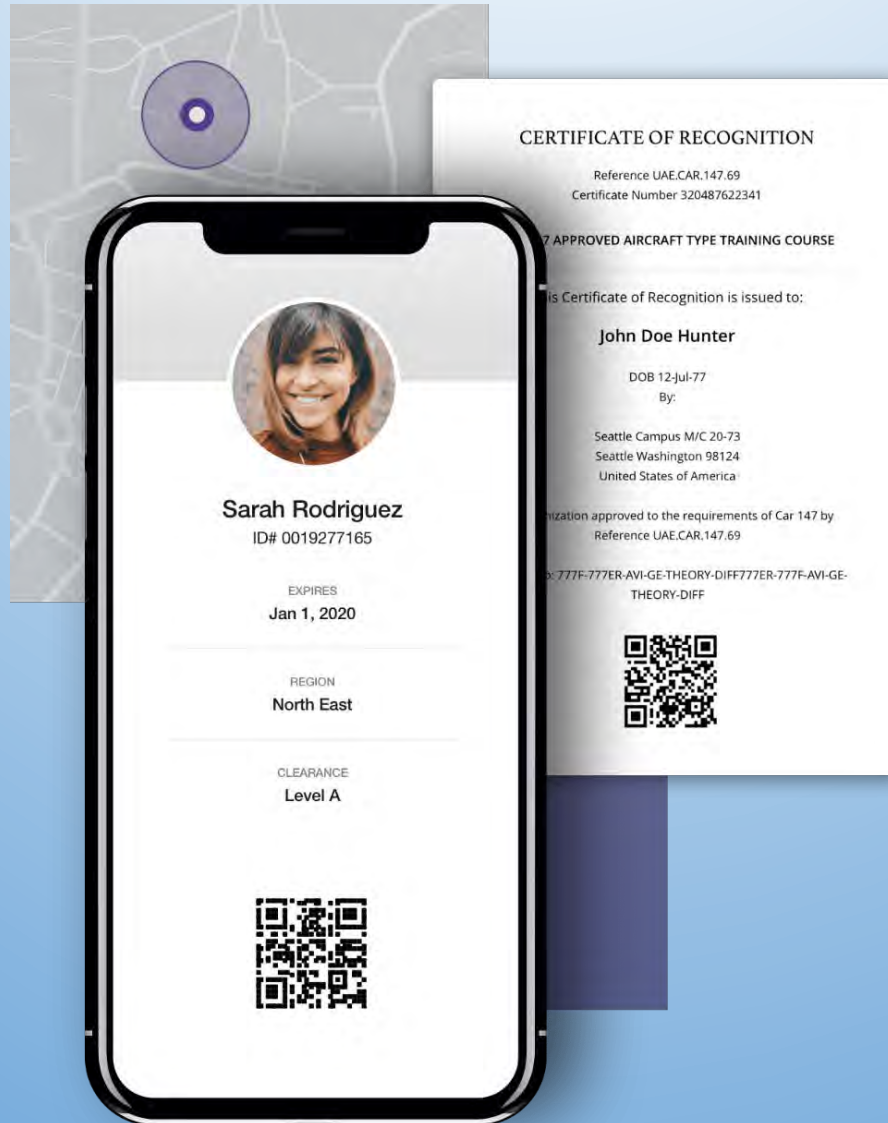

“Maltese businesses will find that hiring workers with the right qualifications has gotten much easier. This is a win/win for Malta, whose skilled workforce is among the primary drivers of its economic success.”

Evarist Bartolo

Minister for Education and Employment
