Section I. Program Narrative Report

Directions: Answer each of the following questions. As you complete your narrative, include program data and/or research on which you base these practices as appropriate to answering the questions.

1. Please list your program's three highest priority goals for the 2018-2019 program year. Discuss your program's progress in meeting each of these goals.

Having only been in the position of AE Director for a short time I have had to rely on the knowledge of faculty and staff who were in place for much of the 2018-2019 reporting period. According to those individuals the highest priority goals for this time frame were centered on the suggestions by the C3 mentorship program. During the 2018-2019 period, members of the NNMC Adult Education Program were mentored by the UNM Taos Education and Career Center. That mentorship relationship ended early in the reporting period for unexplained reasons. That is not to say that the suggestions have not been implemented or continued. They are as follows:

Goal #1: Implement Shorter AE Sessions for Timely Transition to Post-Secondary Study or Workforce Entry

NNMC AE Program continues to follow a shorter session schedule that allows for the opportunity for students at a lower learning level receive the remedial instruction to prepare them to enter the more advanced section. Admissions to the more advanced section of coursework is determined by post test results and faculty input. It is in this advanced section where students begin targeted classroom instruction in Reading, Language, Mathematics, Science, and Social Studies. The students then begin the weekly HiSET exam completion process. During this same timeframe, the advanced students are presented with Career and College Readiness curriculum that will assist them in transitioning to employment or college.

Goal #2: Structured Lesson Planning

NNMC AE Program instructors are now required to compile lesson plans for the subject matters that they are responsible for each session. This has made transitioning from current to new instructors much easier. Though a new instructor will have their own lesson plans, having existing lesson plans assists in keeping a structure to the curriculum.

Goal #3: Onboarding

Each new session of classes requires a standard onboarding approach to assist new students in acclimating to the NNMC AE Program. We continue to perfect our programming for this initial step into our AE Program. We have implemented "ice breaker" activities to acquaint repeating students with incoming students. We are now including presenters who introduce various services available through our affiliation with NNMC (counseling, ADA, etc.) New presenters will include representatives from the NNMC Writing Center and the NNMC Math Learning Center, these are new affiliations that will provide additional tutoring/review services for our AE students. We hope to begin incorporating representatives from the community that could elaborate on potential employment opportunities for graduating AE students.

2. Describe any cooperative arrangements your organization has with other agencies, institutions, or organizations for the delivery of adult education and literacy activities. How have these collaborations supported your program's goals?

Local Post-Secondary Institutions

The NNMC Adult Education Program has for many years included a transitional curriculum component to prepare AE students for admission to postsecondary institutions. Our current program includes a College and Career Readiness curriculum with presentations, tours, or advisement for local postsecondary institutions. Associate and certificate programs available at these institutions make it possible for those interested AE graduates to work towards an advanced credential for the purpose of entering the workforce beyond an entry level position, progress to employment licensure programs, etc. We are fortunate to be housed at NNMC where we can provide academic program informational tours with experts in the fields specifically of interest to our AE students.

Also included in the College and Career Readiness curriculum are regular presentations by local **NM Department of Workforce Solutions (NMDWS)** personnel. With their participation we are able to assist our students with resume building, interview skills, pre-employment assessments and referrals, job placement, dissemination of labor market information, etc. This relationship has afforded our AE students the additional advantage of job placement within city and county agencies interested in providing employment for those AE students who aspire to begin a government career. Job search assistance is not restricted, but rather based on the student's employment aspirations.

Another key partnership that NNMC Adult Education Program values is our referral opportunities with the **Rio Arriba Adult Literacy Program (RAALP)**. This is where we refer students who pre-test at a low level in reading and who may not qualify for entry into our lowest level course. We have been very successful in serving those individuals who are determined to get the additional tutoring through RAALP before entering our program.

Our host institution's **College Assistance Migrant Program (CAMP)** has been a willing partner where AE graduates are screened for CAMP qualifications. Those AE students that do qualify for CAMP are guaranteed scholarship funds to cover postsecondary tuition and fees; stipends for textbooks and supplies; monthly training and transportation stipends; academic skills assessments and program orientation; tutoring and study skills assistance; career, financial aid and personal counseling; cultural event outings; peer mentoring; and CAMP course participation. Not all NNMC Adult Education HiSET recipients qualify, but those who do benefit from the extensive services available through CAMP. Though these cooperative arrangements may not directly align with the goals listed in a previous section of this document, they are instrumental in adding value to our student offerings and prove necessary to the successful operations of the NNMC Adult Education Program.

NNMC AE continues our relationship with the **Northern Area Local Workforce Development Board (NALWDB)** – see attached MOU.

3. Describe your participation in any statewide initiatives and how that participation has supported your program's goals.

4. There was limited participation by the NNMC AE in the C3 Initiative by the former AE Director and some faculty during this reporting period. As a result of this partnership, NNMC AE has implemented some key strategies for the program as listed under the Goals in the previous section of this report.

Inconsistent staffing has been detrimental to full participation in statewide initiatives. We anticipate expanding NNMC AE's participation in statewide initiatives in the new reporting period.

5. Describe your program's enrollment and attendance policies and procedures and how these practices impact your program goals.

NNMC AE provides any incoming student an enrollment application that includes the Intake Form, the Code of Conduct Contract, and the Education Commitment Contract. This is what all NNMC AE students are required to complete prior to pre-testing. If a student is under 18 the Underage Permission/Hardship/Withdrawal form is also required.

Depending on pre-test results, students are assigned to our Level I or Level II classes. Preparatory classes and tutoring sessions are held Monday-Friday from 8:20 AM – 2:30 PM. Mandatory tutoring is required two days a week for each student. If a student is more than ten minutes late to any class, she/he is required to complete additional days of tutoring. Class work and tutoring can vary from session to session based on the needs of the individual student/cohort.

Once a student shows the level gains to be transferred to the Level II class, the schedule is similar except for the targeted instruction geared toward completing the HiSET exam. Beginning the second week of our six week session the Level II students begin by testing in Reading. Subsequent HiSET exams follow each week with the intent that all students in Level II are finished with all five HiSET sub-tests by the end of the session.

One of the goals for the NNMC AE Program was to implement shorter sessions. As described above our sessions run for 6 weeks. Some students flourish in this fast paced setting and move on to employment or post-secondary education. Other students will repeat the sessions until level gains are realized or the HiSET exam is complete. Though the repeating student scenario is not ideal, we can see a sense of growth in each who return for multiple sessions. This is exhibited in their understanding of a concept that was out of reach the prior session, assisting new students in the classes, growth in goal setting, curiosity for what a post-secondary institution can offer, job/career exploration, etc.

Section III. Evaluation of Program Effectiveness

In this section please address program performance and demonstrated effectiveness. Look at the data for your program as a whole as well as for individual sites.

1. What approaches does your organization use to improve performance?

We continue our referral relationship with the RAALP to ensure students who do not meet needed literacy levels obtain the additional assistance in preparation to enter our NNMC Adult Education Program.

AE instructors have implemented a battery of Khan Academy modules that students are to complete based on individual student deficiencies. Instructors can view the modules completed by each student to ensure she/he is benefiting from the application. This serves as another means to assist the students in mastering particular concepts.

Northern New Mexico College (NNMC) provides AE students additional tutoring through the NNMC Writing Center and the NNMC Math Learning Center. This is an opportunity for the AE students to gain a different perspective by having assignments reviewed by someone other than their usual instructors. These experiences help to integrate our AE students into the larger NNMC community.

2. Describe notable outcomes, both positive and negative, you have observed in your program data.

Comparing data from last reporting period shows no significant difference.

Total contact hours for students with 12+ hours was much higher this reporting period. In delving into that number we found that student entry levels were markedly lower this reporting period, requiring many more hours of instruction and tutoring to improve their MSG.

3. How does your organization share promising practices among your program sites?

NNMC Adult Education has only one site from which we provide services. Because NNMC Adult Education is struggling with enrollment in both our HSE and ESL programs, we have chosen not to expand to off-campus sites until more established community relationships have been cultivated. Our goal of increased recruitment efforts via social media, community engagement, informational presentations, etc., are ongoing and should prove fruitful in the coming reporting period.

4. Describe program improvement initiatives you plan to pursue.

We are currently reviewing the MSG for those repeating students with the intent of making one-on-one tutoring available to assist these students in progressing toward our more advanced class level. It is within the advanced level class that students begin to take the individual HiSET exams immediately after receiving targeted instruction for the specific subject matter. This proposed change could entail the cancellation of our Level I section, allowing instructors currently teaching to convert to entirely tutor based Math, English, and Language programming. Success Skills and Computer Skills portions of this programming could continue on a collective class based schedule.

Section IV. WIOA Partner Activities, including Integration with One-Stop Partners

For this section, please describe how the program has provided or supported services in the workplace development, career, employment and training arena. If there is no relationship, please explain.

1. Please provide an estimate of FEDERAL FUNDS used during the 2018-2019 fiscal year to support Title I WIOA related activities and services through the One-Stop system.

\$3000

2. Describe how services provided are aligned with the local workforce development area plan (Section 108 of WIOA), including how concurrent enrollment is promoted in programs and activities under the Workforce Development Activities (Titles I, III, and IV of WIOA, and as listed in New Mexico's Combined State Plan). Include information on the activities your organization provides in response to the regional needs as identified in the local workforce development area plan under section 108 of title I of WIOA.

The College and Career Readiness curriculum at NNMC AE plays a key role in preparing the AE student population to transition to a post-secondary institution, the workforce, or military enlistment. We expose students to the various programs available at NNMC and other local area post-secondary institutions via campus tours, website guidance and advisement. Working in collaboration with NMDWS personnel, we include resume, cover letter, interview, etc. workshops in the classroom. The students set up their personal NMDWS accounts where they can search for employment opportunities, learn of labor market trends, upload application materials, etc. When students have expressed an interest in military service, AE staff/faculty help with making connections with various recruiters for students to learn more about their options.

NNMC does not have a concurrent enrollment agreement that includes Adult Education students.

3. Describe activities and strategies your organization has implemented to demonstrate partnership with the Local Workforce Development Board (LWDB) and one-stop operators to plan, develop, and evaluate adult education and literacy activities for the area you will serve.

NNMC AE staff and faculty are in regular contact with our local NMDWS personnel to plan student presentations, participate in pertinent community events for recruitment, utilize various NMDWS applications to assist students explore career options, etc.

4. Include a copy of your program's MOU and IFA with the Local Workforce Board(s) in the area(s) in which you provide service. In the event that the MOU or IFA are not complete, please discuss.

See attached MOU for the Northern Area Workforce Development Board.

Section V. Career Pathways Activities

For this section, please describe how the program has developed Career Pathways instructional programs and how they have been implemented in the 2018-2019 program year.

1. Describe how your organization's activities provide learning in context, including through integrated education and training (IET), so that an individual acquires the skills needed to transition to and complete postsecondary education and training programs, and obtain and advance in employment leading to economic self-sufficiency.

NNMC AE has not implemented learning in context that would meet the three requirements for an IET program.

NNMC has discussed a dual credit program that would include AE students, but no formal agreement has been negotiated.

As mentioned in an earlier response, we have a vibrant relationship with local NMDWS personnel who regularly work with our students in the classroom to help them transition to employment that can lead to economic self-sufficiency. Recent AE student employment can be directly attributed to the NMDWS job placement support provided each session.

2. If you offered any IET programs, please describe how they fulfill the three requirements for an IET program (34 CFR 463)

NNMC AE did not offer any IET programs this reporting period.

Section VI. College and Career Readiness Standards

For this section, please describe the program's progress toward implementation of adult education college and career readiness standards (CCRS).

1. Describe how your organization's program a) is of sufficient intensity and quality, and based on the most rigorous research available so that participants achieve substantial learning gains; and b) uses instructional practices that include the essential components of reading instruction.

Students meet one to two times daily for reading instruction and other subject areas.

- a) Resources used in planning lessons utilize best practices and current outcome goals for the HiSET exam. Frequent student assessments inform future planning.
- b) Reading instruction includes leveled reading, phonic reinforcement, vocabulary development, context clues, and regular practice using all levels of comprehension depth.

2. Describe how your organization's activities effectively use technology, services, and delivery systems, including distance education in a manner sufficient to increase the amount and quality of learning and how such technology, services, and systems lead to improved performance.

Computer labs are utilized by students in the reading, language, writing, social studies, math, and computer skills courses. Instructors assign Khan Academy modules for students to complete using computers. A structured curriculum of computer skills is taught throughout each AE session.

Applications such as Vocabulary.com are used as part of the reading curriculum to build student vocabulary skills. Scratch tutorial videos developed by MIT are used in the Computer Skills course. Classroom Mondopads are utilized by students and faculty to give class presentations. ESL instructors will occasionally use translation applications to assist student learning. Additional applications used in the ESL classroom include Duolingo and Mango.

VII. Integrated English Language and Civics Education (IELCE) Activities

For this section, if the program received IELCE funding for 2018-2019, please describe IELCE activities and services provided by the program so far this fiscal year.

(If your program does not provide IELCE services, just indicate N/A).

NNMC AE ESL courses have not included civics education as a normal component of the curriculum, but various life skills lessons are incorporated. These life skills lessons include how best to deal with doctors, law enforcement personnel, the banking industry, their children's educational personnel, etc.

1. Please indicate the number of IELCE students (12+) served:

37

2. Describe how the local areas in which your organization is located have demonstrated a need for additional English language acquisition programs and civics education programs.

NNMC AE has been approached by local area businesses to provide English as a second language to employees. Their success at work is enhanced by the ability to more easily converse with customers, vendors, fellow employees, supervisory staff, etc.

Prospective students also request courses in English directly from NNMC AE staff. We work to best satisfy these individual requests by building a wait list and determining (by input) what days and times would work best for the cohort.

3. Describe how your program has provided Integrated Education and Training (IET) for your IELCE students and how they fulfill the three requirements for an IET program (34 CFR 463)

NNMC does not provide integrated education and training.

- Use participant's pretest score for the 1st entry of a program year for initial placement in this table.
- For the purposes of reporting measurable skill gain on Tables 4, 4C, 8, and 10, each program entry per participant during the reporting period is considered a period of participation.
- Count each participant only once in columns E through H. Total number of participants in column B should equal corresponding total number of participants in other NRS tables. Report the most recent measurable skill gain for a participant who achieved more than one measurable skill gain during a period of participation.
- The number in Column C is the number of participants who are being excluded from MSG performance due to the exclusion scenarios listed in OCTAE Program Memorandum 17-2 Attachment 2, Table A. No values associated with these participants should be entered into columns E-G.
- The number in column E is the number of participants who completed one or more Educational Functioning Level (EFL) gains as measured in one of three ways: 1) by comparing a participant's initial EFL as measured by a pre-test with the participant's EFL as measured by a participant's post-test; or 2) for States that offer high school programs that lead to a secondary school diploma or its recognized equivalent, an EFL gain may be measured through the awarding of credits or Carnegie units; or 3)

States may report an EFL gain for participants who exit the program and enroll in postsecondary education or training during the program year.

- Column F is the number of participants who attained a secondary school diploma or its recognized equivalent.
- Enter only the most recent achievement, if attained, per participant in column E or column F. No participant should have an achievement counted in both columns.
- Column G is the number of participants who achieved no measurable skill gain and exited the program. The last day of service cannot be determined until at least 90 days have elapsed since the participant last received services (services do not include self-service, information-only services or activities, or follow-up services), and there are no plans to provide the participant with future services.
- Column H is number of participants who remain enrolled and achieved no measurable skill gain.
- Column B should equal Column C + E + F + G + H.
- Column I is calculated using the following formula: $(\text{Column I}) = (\text{Column E} + \text{Column F}) / (\text{Column B} - \text{Column C})$
- Column J is the total number of periods of participation for each participant. A participant may have more than one period of participation.
- Column K is the Total number of Periods of Participation in which at least one educational functioning level gain was achieved. Multiple outcomes are permissible for individual participants with more than one period of participation. Although participants may achieve more than one gain per period of participation, only one gain for a participant per period of participation is reported in EITHER column K or column L.
- Column L is the Total number of Periods of Participation in which a secondary school diploma or its recognized equivalent was attained. Multiple outcomes are permissible for individual participants with more than one period of participation. Although participants may achieve more than one gain per period of participation, only one gain for a participant per period of participation is reported in EITHER column K or column L.
- Column M is calculated using the following formula: $(\text{Column M}) = (\text{Column K} + \text{Column L}) / (\text{Column J})$
- **Period of Participation:** For the Measurable Skill Gains indicator, a new period of participation is counted each time a participant enrolls—even if both enrollments occur within the same program year. It is not necessary to wait until the participant exits the program in order to count a measurable skill gain, because the measurable skill gains indicator is not an exit-based indicator. The skill gain may be counted as soon as it is earned at any point during the participation period of the program year in which it was earned. A person with more than one period of participation in a program year is counted separately for each period of participation in both the numerator and denominator of each applicable performance indicator.⁴ Therefore, the person is counted multiple times—once for each period of participation. Please see OCTAE program memorandum 17-2 for examples of counting periods of participation.

Include only family literacy program participants in Table 8.

Note: All shaded columns will be calculated automatically by OCTAE's data system.

For reporting measurable skill gains:

Enter in column B the total number of Family Literacy program participants enrolled during the reporting period. Enter in column C the number of participants who achieved one or more educational functioning level gains or attained a secondary school diploma. Enter only one of these achievements, if attained, per participant in column C.

For reporting the exit-based Primary Indicators of Performance:

Follow instructions for completing Table 5 to report these outcomes.

For reporting family literacy outcome measures:

Report in Column B the total number of participants who exited during the program year. Do not exclude participants because of missing Social Security numbers or other missing data.

Achievement of one or more of the increased involvement in children's education or children's literacy activities measures should be counted only once per participant. However, the specific outcome should be recorded in the subcategory and more than one outcome may be reported, so that the total for the three subcategories may be greater than the total reported for the overall category. For example, a participant who helped more frequently with schoolwork and increased contact with child's teachers would be recorded in both categories but would be counted only once in the overall category of "increased involvement in children's education."

Memorandum of Understanding (MOU)

Northern Area Local Workforce Development Board (NALWDB)

American Job Center Partners

Legal Authority

The Workforce Innovation and Opportunity Act (WIOA) sec. 121(c)(1) requires the Local Board, with this agreement of the Chief Elected Officials (CEO's), to develop and enter into a Memorandum of Understanding (MOU) and the One-Stop Partners consistent with WIOA Sec. 121(c)(2) concerning the operation of the one-stop delivery system in a local area. This requirement is further described in the WIOA; Joint Rule for Unified and Combined State Plans, Performance Accountability, and the One-Stop System Joint Provisions: Final Rule at 20 CFR 678.500, 34 CFR 361.500 and 34 CFR 463.500 and in Federal guidance.

Additionally, the sharing and allocation of infrastructure costs among one-stop partners is governed by WIOA sec. 121(h), it is implementing regulations, and the Federal Cost Principles contained in the Uniform Administrative requirement, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) ant 2 CFR part 200,

Purpose

The primary purpose of this Memorandum of Understanding (MOU) is to create a partnership between the Northern Area Local Workforce Development Board (NALWDB) and the American Job Center Partners (Partners) within the counties of Santa Fe, Taos, Rio Arriba, Los Alamos, Colfax, San Miguel, Mora, McKinley, San Juan and Cibola.

The development and implementation of a comprehensive Workforce System requires teamwork between the Partners and the NALWDB. The Partners and the NALWDB agree to work together to establish shared goals, operating strategies, and procedures for effective integration of workforce services.

The NALWDB collaborates with a wide variety of individuals, businesses, and organizations. The NALWDB views its mission as guiding a regionally-recognized workforce development system that aligns with the economic and educational goals of the State of New Mexico resulting in a qualified workforce available to businesses across counties; our mission directly supports economic business growth. The vision is for a New Mexico where every person maximizes his or her career potential, and businesses have access to the human capital they need to be successful. The collaborative development of this local plan is intended to create a foundational blueprint for local chief elected officials, economic development organizations, state agencies, community organizations, labor unions, local businesses, and WIOA adult and youth service providers to utilize in coordinating services for businesses, job training, and placement activities to meet the

diverse, unique needs of both the mostly rural and also urban areas within the NALWDB service delivery area.

System Structure

NALWDB American Job Centers

Within the Northern Region there is Two WIOA comprehensive One-Stops (Santa Fe County and San Juan County) and six affiliate American Job Centers. These centers were established under the Workforce Investment Act of 1998 and continued by the Workforce Innovation and Opportunity Act. All centers offer WIOA Adult, Dislocated and Youth Services, and provide for both staff assisted and self-directed services and access to Unemployment Services via the telephone or through the resource center facilities. Resources available at each NALWDB AJC One-Stop includes, but are not limited to: computers with internet access and the New Mexico Job Service System, fax and copy machines, online job search and career exploration resources, online filing for Unemployment Insurance benefits, labor market information and literature pertaining to careers, job search and training. Staff assisted career services are available to customers who require some staff assistance to include job referral, job development, workshops, resume review, and other reemployment services support.

Office hours for Comprehensive sites within the Northern Area are Monday through Friday 8:00 AM to 5:00 PM.

Itinerate office hours in Colfax County Tuesday through Thursday 8:00 AM to 5:00 PM

Itinerate office hours in Cibola County Monday, Wednesday, Friday 8:00 AM-5:00 PM

One-Stop Operator

The NALWDB has hired Barney Trujillo as the one-stop operator. The NALWDB was designated as the one-stop operator by NMDWS, after an attempt to procure an operator through a competitive process in accordance with the Uniform Guidance, and Local procurement laws and regulations, however there were no responses to the RFP. The State requires that the one-stop operator is re-competed at least every three years and no later than every four years. Functional details are outlined in the Roles and Responsibilities of Partners section, under One-Stop Operator.

Steps to Reach Consensus

1. Notification of Partners

The NALWDB Board Chair (or designee) must notify all Parties in writing that it is necessary to renew and execute the MOU and provide all applicable policies and preceding MOU documents, as applicable.

2. Negotiations

Over the course of the four (4) weeks following the formal kickoff meeting, Partners must submit all relevant documents to the NALWDB Board Chair (or designee) to begin the drafting of the MOU. During this time period, additional formal or informal meetings (informational and negotiation sessions) may take place, so long as they are conducted in an open and transparent manner, with pertinent information provided to all Parties.

3. Draft MOU

Within six (6) weeks of the kickoff meeting, the NALWDB Board Chair (or designee) must email a complete draft of the MOU to all Parties.

4. Review and Comment

Within three (3) weeks of receipt of the draft MOU, all Parties must review and return feedback to the NALWDB Board Chair (or designee). It is advised that each Party also use this time to allow their respective Legal Departments to review the MOU for legal sufficiency. It is the responsibility of the NALWDB Board Chair (or designee) to ensure all American Job Center Partners to the MOU are aware of the comments and revisions that are needed.

5. Finalized Draft

The NALWDB Board Chair (or designee) must circulate the finalized MOU and secure Partner signatures within four (4) weeks of receipt of feedback. The WIOA MOU will be considered fully executed once all signatories have reviewed and signed, and a signed copy has been returned to all Parties.

If determined that a Partner is unwilling to sign the MOU, then the NALWDB Board Chair (or designee) must ensure that the dispute resolution process is followed.

MOU Modification Process

1. Notification

When a Partner wishes to modify the MOU, the Partner must first provide written notification to all signatories of the existing MOU and outline the proposed modification(s).

2. Discussion/Negotiation

Upon notification, the NALWDB Board Chair (or designee) must ensure that discussions and negotiations related to the proposed modification take place with Partners in a timely manner and as appropriate.

Depending upon the type of modification, this can be accomplished through email communications of all the Parties. If the proposed modification is extensive and is met with opposition, the NALWDB Board Chair (or designee) may call a meeting of the Parties to resolve the issue. Upon agreement of all Parties, a modification will be processed.

If the modification involves substitution of a party that will not impact any of the terms of the agreement, it can be accomplished by the original party and the new party entering into an MOU that includes the NALWDB, wherein the new party assumes all of the rights and obligations of the original party. Upon execution, the NALWDB Board Chair (or designee) presents the agreement as a proposed modification to the MOU, and the remaining steps are followed.

If determined that a Partner is unwilling to agree to the MOU modification, the NALWDB Board Chair (or designee) must ensure that the process in the Dispute Resolution section is followed.

3. Signatures

The NALWDB Board Chair (or designee) must immediately circulate the MOU modification and secure Partner signatures within four (4) weeks. The modified MOU will be considered fully executed once all signatories have reviewed and signed.

The modification may be signed in counterparts, meaning each signatory can sign a separate document as long as the NALWDB Board Chair (or designee) acquires signatures of each party and provides a complete copy of the modification with each party's signature to all the other Parties.

This MOU will remain in effect until the end date specified in the *Effective Period* section below, unless:

- All Parties mutually agree to terminate this MOU prior to the end date
- Federal oversight agencies charged with the administration of WIOA are unable to appropriate funds or if funds are not otherwise made available for continued performance for any fiscal period of this MOU succeeding the first fiscal period. Any party unable to perform pursuant to MOU due to lack of funding shall notify the other Parties as soon as the party has knowledge that funds may be unavailable for the continuation of activities under this MOU

- WIOA is repealed or superseded by subsequent federal law
- Local area designation is changed under WIOA

In such event, the non-breaching party(s) shall have the right to terminate this MOU by giving written notice thereof to the party in breach, upon which termination will go into effect immediately

In the event of termination, the Parties to the MOU must convene within thirty (30) days after the breach of the MOU to discuss the formation of the successor MOU. At that time, allocated costs must be addressed.

Any party may request to terminate its inclusion in this MOU by following the modification process identified in the ***Modification Process*** section above.

All Parties agree that this MOU shall be reviewed and renewed not less than once every 3-year period to ensure appropriate funding and delivery of services.

This MOU will become effective as of the date of signing by the final signatory below and must terminate on June 30, 2020, unless any of the reasons in the Termination section above apply.

One-Stop Operating Budget

The purpose of this section is to establish a financial plan, including terms and conditions, to fund the services and operating costs of the NALWDB's American Job Center network. The Parties to this MOU agree that joint funding is a necessary foundation for an integrated service delivery system. The goal of the operating budget is to develop a funding mechanism that:

- Reduces duplication and maximizes program impact through the sharing of services, resources, and technologies among Partners (thereby improving each program's effectiveness)
- Reduces overhead costs for any one partner by streamlining and sharing financial, procurement, and facility costs
- Ensures that costs are appropriately shared by NALWDB's American Job Center Partners by determining contributions based on the proportionate use of the one-

stop centers and relative benefits received, and requiring that all funds are spent solely for allowable purposes in a manner consistent with the applicable authorizing statutes and all other applicable legal requirements, including the Uniform Guidance.

The Partners consider this one-stop operating budget the master budget that is necessary to maintain the NALWDB's American Job Center network. It includes the following cost categories, as required by WIOA and its implementing regulations:

- Career services
- Shared services

All costs must be included in the MOU, allocated according to Partners' proportionate use and relative benefits received, and reconciled on a quarterly basis against actual costs incurred and adjusted accordingly. The one-stop operating budget is expected to be transparent and negotiated among Partners on an equitable basis to ensure costs are shared appropriately. All Partners must negotiate in good faith and seek to establish outcomes that are reasonable and fair.
